29 <sup>th</sup> June 2020	Classical Mechanics and Thermodynamics & Statistical Mechanics	5-6 days
14 <sup>th</sup> July 2020	Nuclear & Particle Physics, Classical Mechanics and Thermodynamics & Statistical Mechanics	5-6 days
5 <sup>th</sup> August 2020	Quantum Mechanics, Electromagnetic Theory, Quantum Mechanics and Mathematical Physics	5-6 days
15 <sup>th</sup> September 2020	Atomic & Molecular Physics and Condensed Matter Physics	5-6 days
10 <sup>th</sup> October 2020	Electronics & Experimental Methods, Classical Mechanics and General Aptitude (Part A)	5-6 days
30 <sup>th</sup> October 2020	Thermodynamics & Statistical Mechanics	5-6 days
5 <sup>th</sup> November 2020	Nuclear & Particle Physics	5-6 days
10 <sup>th</sup> January 2021	Mathematical Physics and Nuclear & Particle Physics	5-6 days
15 <sup>th</sup> February 2021	Quantum Mechanics	5-6 days
15 <sup>th</sup> March 2021	Electromagnetic Theory, Atomic & Molecular Physics and Condensed Matter Physics	5-6 days
15 <sup>th</sup> April 2021	Classical Mechanics, Thermodynamics & Statistical Mechanics and General Aptitude (Part A)	5-6 days
30 <sup>th</sup> April 2021	Electronics & Experimental Methods	5-6 days
10 <sup>th</sup> May 2021	Nuclear & Particle Physics	5-6 days

❖ Name of topics suggested according to CSIR NET syllabus but it will be covered up to GATE, JEST & TIFR level.
